In Control: License and Variance Board

File Type: Variance Item

Agenda Section:

Formal Business

Department: Community Development

Agenda Title:

Public Hearing - Variance Request - V24-086 - Reduce the driveway setback from 5 feet to 9 feet -
Land Lot 452 - 1019 Manor Drive - Dustin Arnold

Ward 3 Councilmember - Travis Lindley

ISSUE AND BACKGROUND:

The applicant is proposing to expand an existing driveway to the western side property line at 1019 Manor Drive. Section 801 sets the driveway setback requirements in the R-15 zoning district.

RECOMMENDATION / REQUESTED ACTION:

The applicant is requesting to deviate from the development standards established by Section 801, which requires a minimum 5-foot driveway setback in certain residential zoning districts. According to Section 1403 of the Zoning Ordinance, variances must be reviewed under the following standards: (1) Whether there are unique and special or extraordinary circumstances applying to the property; (2) Whether any alleged hardship is self-created by any person having an interest in the property; (3) Whether strict application of the relevant provisions of the code would deprive the applicant of reasonable use of the property; and (4) Whether the variance proposed is the minimum variance needed. After a review of the standards above, Community Development believes that the encroachment will not adversely affect surrounding residents; therefore, staff recommends approval of the requested variance with the following condition:

1. Approval of the requested variance shall be conditioned upon substantial compliance with the site plan submitted with the variance application.
