Comments

Joey Staubes , May 6, 2024

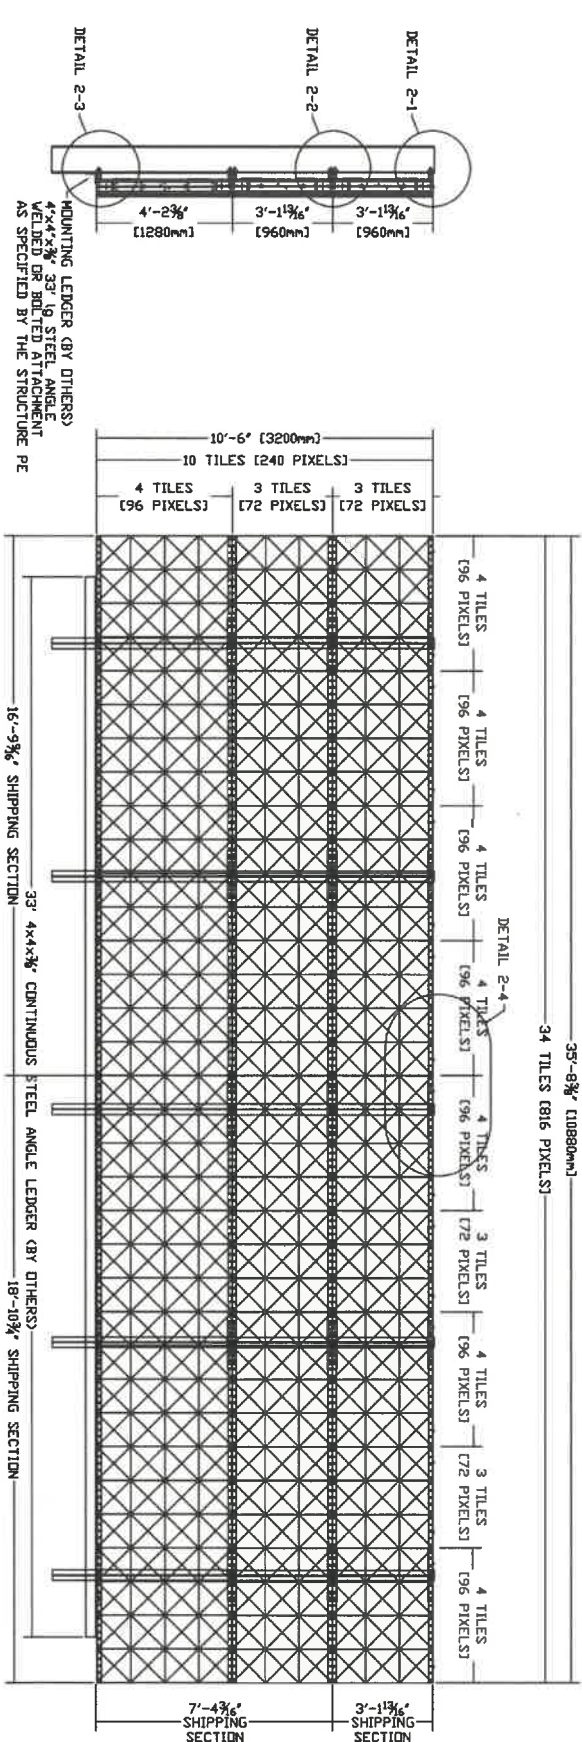

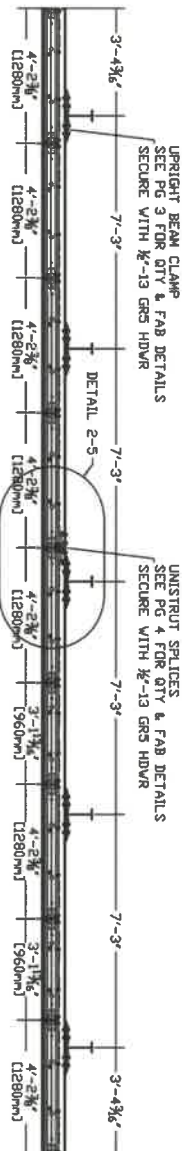

This sign permit is denied based on the non-compliance with the regulations established in Chapter 82, Section 15 of the Smyrna Code of Ordinances. The proposed sign exceeds both the maximum area (32 square feet) and maximum height (8 feet) specified by the ordinance, is not a ground based monument sign as required by the ordinance and is a pole sign as prohibited by the ordinance.

A formal response is attached.

RE: Sign Permit: SIGN-24-76
2264 Atlanta Rd
17049100210

The application for permit SIGN-24-76 is denied based on the non-compliance with the regulations established in Chapter 82, Section 15 of the Smyrna Code of Ordinances. The proposed sign exceeds both the maximum area (32 square feet) and maximum height (8 feet) specified by the ordinance, is not a ground based monument sign as required by the ordinance and is a pole sign as prohibited by the ordinance.

Also, this sign would exceed the number of allowable signs at this location because there is already one ground based monument sign at this location.

Due to the non-compliance with these standards established in Chapter 82 of the Smyrna Code of Ordinances, the sign permit is denied.
