Formal Business

Agenda Number: F.

Department: Community Development

Agenda Title:

Public Hearing - Variance Request - V24-063 - Allow second accessory structure - Land Lot 560 - 2730 Morris Circle - Ashley Dover

Ward 3 Councilmember - Travis Lindley

ISSUE AND BACKGROUND:

The applicant is requesting several variances for a cabana and pool addition in the rear yard of 2730 Morris Circle: increase the impervious surface area from 35% to 44%, reduce the side setback from 10 feet to 5 feet, and allow a second accessory structure. Section 801 sets the maximum impervious area and setbacks in the R-15 zoning district whereas Section 501 sets the maximum number of accessory structures.

RECOMMENDATION / REQUESTED ACTION:

The applicant is requesting to deviate from the City's maximum impervious area, side setback, and maximum accessory structure requirements to build a swimming pool and cabana on the property. According to Section 1403 of the Zoning Ordinance, variances must be reviewed under the following standards: (1) Whether there are unique and special or extraordinary circumstances applying to the property; (2) Whether any alleged hardship is self-created by any person having an interest in the property; (3) Whether strict application of the relevant provisions of the code would deprive the applicant of reasonable use of the property; and (4) Whether the variance proposed is the minimum variance needed. After a review of the standards above, Community Development believes that the proposed variances will not adversely affect surrounding residents with implementation of the proposed mitigation plan; therefore, staff recommends approval of the requested variances with the following conditions:

1. Approval of the requested variances shall be conditioned upon substantial compliance with the mitigation plan submitted with the variance application.
2. A Stormwater Inspection and Maintenance Agreement shall be completed and recorded with the Cobb County Superior Court prior to issuance of the pool permit.
3. A stormwater as-built certification statement shall be submitted to Community Development for approval prior to issuance of the Certificate of Completion.
