Agenda Title:

Public Hearing - Variance Request - V24-001 - Allow new construction on lot of record below minimum requirements - Land Lot 452 - 3220 Ridgecrest Road - Jordan Deeney

Ward 3 Councilmember - Travis Lindley

ISSUE AND BACKGROUND:

The applicant is requesting approval for two variances to build a new single-family home at 3220 Ridgecrest Road on a substandard lot. Section 1208 requires a variance to build on a lot of record below minimum requirements whereas Section 801 requires a side setback of 10 feet in the R-15 zoning district.

RECOMMENDATION / REQUESTED ACTION:

The applicant is requesting to deviate from the City's minimum lot area and setback requirements established for the R-15 zoning district. According to Section 1403 of the Zoning Ordinance, variances must be reviewed under the following standards: (1) Whether there are unique and special or extraordinary circumstances applying to the property; (2) Whether any alleged hardship is self-created by any person having an interest in the property; (3) Whether strict application of the relevant provisions of the code would deprive the applicant of reasonable use of the property; and (4) Whether the variance proposed is the minimum variance needed. Community Development believes that the lot size and setback encroachment will not adversely affect surrounding residents; therefore, staff recommends approval of the requested variances with the following condition:

1. Approval of the requested variances shall be conditioned upon the development of the property in substantial compliance with the site plan and elevations submitted with the variance application.
