Agenda Date: 7/15/2024

In Control: City Council

File Type: Agreement

Agenda Section:
Formal Business

Agenda Number: E.

Department: Police Department

Agenda Title:

Authorization to enter into an Intergovernmental Agreement between The City of Smyrna, Georgia and The City of Austell, Georgia for hosting Austell's MFR and RMS system on Smyrna's IT Infrastructure for an annual payment of \$1,000 and authorize the Mayor to sign and execute all related documents.

Ward 3 Councilmember - Travis Lindley

ISSUE AND BACKGROUND:

The City of Austell, Georgia has requested The City of Smyrna, Georgia to host Austell's Mobile Field Reporting (MFR) and Records Management System (RMS) systems within Smyrna's existing servers. These public safety software systems will allow Austell's police department to create police reports and store it electronically. Utilizing Smyrna's existing IT infrastructure will allow Austell to avoid the initial upfront cost and time to acquire servers that would run those systems. The agreement will take effect once it is approved and is valid for 5 years unless the agreement is terminated by means stated in the Intergovernmental Agreement. The City of Austell has agreed to pay the City of Smyrna an annual rate of \$1,000 compensations to cover the expenses related to hosting these systems.

RECOMMENDATION / REQUESTED ACTION:

IT and PD staff recommend authorization to enter into an Intergovernmental Agreement between The City of Smyrna, Georgia and The City of Austell, Georgia for hosting Austell's MFR and RMS system on Smyrna's IT Infrastructure for an annual payment of \$1,000 and authorize the Mayor to sign and execute all related documents.
