**Agenda Date:** 3/12/2025

**In Control:** License and Variance Board

**File Type:** Variance Item

**Agenda Section:**

Formal Business

**Department:** Community Development

**Agenda Title:**

Public Hearing - Variance Request - V25-026 - Reduce the side setback from 12 feet to 6.9 feet - Land Lot 627 - 3477 Shawnee Trail - Andrew Norman

***Ward 6 Mayor Pro Tem / Councilmember - Tim Gould***

**ISSUE AND BACKGROUND:**

The applicant is seeking a variance to reduce the side setback from 12 feet to 6.9 feet to replace a two-story deck on the rear of 3477 Shawnee Trail. The side setback is determined by Section 801 of the Zoning Code.

**RECOMMENDATION / REQUESTED ACTION:**

The applicant is requesting to deviate from the development standards established by Section 801, which requires a side setback of 12 feet in lots zoned R-20. According to Section 1403 of the Zoning Ordinance, variances must be reviewed under the following standards: (1) Whether there are unique and special or extraordinary circumstances applying to the property; (2) Whether any alleged hardship is self-created by any person having an interest in the property; (3) Whether strict application of the relevant provisions of the code would deprive the applicant of reasonable use of the property; and (4) Whether the variance proposed is the minimum variance needed. After a review of the standards above, Community Development believes that the setback encroachment will not adversely affect surrounding residents; therefore, staff recommends approval of the requested variance with the following condition:

1. Approval of the variance is conditioned upon substantial compliance with the site plan submitted with the variance application.
