CUSTOMIZABLE

EASIER

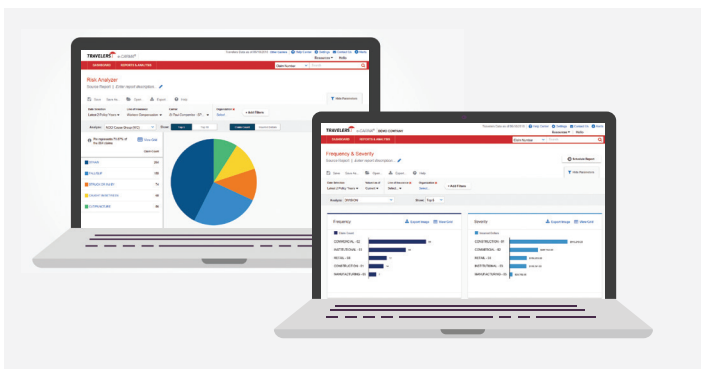

FASTER

## Comprehensive Functionality

- Quickly transition from a report to a graph, and drill down through data to spot important trends, make key observations – and take action.
- Customize selections to filter and group categories of information, and view your results in seconds.
- Reorganize columns of live data to quickly tailor the analysis to meet your needs.

## Graphical Analysis

- Immediately visualize data, making it easier to understand – and more impactful for presentations.
- Spotting trends is easier than ever, as frequency and severity are displayed graphically in a side-by-side analysis.
- Interactive graphs give you the option to dive deeper and assess information from multiple viewpoints.
- When you're ready to take action, Risk Analyzer connects you to an array of possible solutions from Risk Control's library of resources.

## Information Delivery

- Automated data delivery eliminates the need to log in to view or share information.
- You no longer need to search for information with Claim Alerts. e-CARMA informs you about key claim activities that you choose.
- Save time by having reports emailed to you. Schedule reports to be sent as often as you like.

## Dedicated Support

- As you search through data and loss information to get answers, always remember: we're here to help! Your dedicated RMIS professional is your resource for all things e-CARMA. They can:
  - Tailor e-CARMA training to help you and your staff use the system more efficiently.
  - Create custom solutions that allow you to access key data specific to your business.
  - Consult with you to help you get the right answers to make more effective decisions and drive change.
