Public Hearing - Variance Request - V23-105 - Allow 6-foot wooden fence in front yard on a corner lot
- Land Lot 624 - 1741 Point Pleasant - Yassmin Yousef

Ward 6 Mayor Pro Tem / Councilmember - Tim Gould

ISSUE AND BACKGROUND:

The applicant is requesting a variance to allow for a 6-foot wooden privacy fence in the front yard on the corner lot at 1741 Point Pleasant. Section 503-A controls the location and height of fences in the Zoning Code.

RECOMMENDATION / REQUESTED ACTION:

The applicant is requesting to deviate from the development standards established by Section 503-A, which requires a four-foot fence in the front yard. According to Section 1403 of the Zoning Ordinance, variances must be reviewed under the following standards: (1) Whether there are unique and special or extraordinary circumstances applying to the property; (2) Whether any alleged hardship is self-created by any person having an interest in the property; (3) Whether strict application of the relevant provisions of the code would deprive the applicant of reasonable use of the property; and (4) Whether the variance proposed is the minimum variance needed. After a review of the standards above, Community Development believes that the fence height will not adversely affect surrounding residents; therefore, staff recommends approval of the requested variance with the following condition:

1. Approval of the requested variance shall be conditioned upon the development of the property in substantial compliance with the site plan submitted with the variance application.
