Description of Requested Variances

Front Yard Setback Reduction for Parking Area

Comprehensive Narrative

In rendering its decisions, the License and Variance Board shall consider the following factors:

- 1. Whether there are extraordinary and exceptional conditions applying to

the property in question, or to the intended use of the property, that do not apply generally to other properties in the same district.

2. Whether any alleged hardship which is self-created by any person having an interest in the property or is not the result of mere disregard for or ignorance of the provisions from which relief is sought.

3. Whether strict application of the relevant provisions of the zoning code would deprive the applicant of reasonable use of the property for which the variance is sought.

4. Whether the variance proposed is the minimum variance which makes possible the reasonable use of the property.

A comprehensive narrative detailing the extraordinary and exceptional conditions which will necessitate a nonconforming use.

Section 717.142 (d) requires that new parking areas be setback 15 feet from the public right-of-way. The project site has an additional overlay condition to be met - CDD-02, which expands the front yard setback to 50 feet. The overlay moves our building footprint closer to the rear yard setback creating a front yard parking requirement. Based on Cobb County Engineering requirements for parking lot design, the parking requirements cannot be met without a variance.

We are requesting a reduction from 15 feet to 5 feet to allow the parking to be incorporated into the front yard setback.

Acknowledgement

Applicant further affirms they are aware that any knowingly false statement made in the permit application may subject said applicant to prosecution for violation of Georgia Criminal Code, Section 16-10-20 (False Swearing) and a possible fine of not more than \$1,000.00 or imprisonment for not less than one (1) nor more than five (5) years, or both.

COMPREHENSIVE NARRATIVE

Section 717.142 (d) requires that new parking areas be setback 15-feet from the public right-of-way. The project site has an additional overlay condition to be met - CDD-02, which expands the front yard setback to 50-feet. The overlay moves our building footprint closer to the rear yard setback creating a front yard parking requirement. Based on Cobb County Engineering requirements for parking lot design, the parking requirements cannot be met without a variance.

We are requesting a reduction from 15-feet to 5-feet to allow the parking to be incorporated in the front yard setback.

Sec 501.2- We seek approval to locate the dumpster within the north site setback. The dumpster will be positioned 5 feet from the property.
