Description of Requested Variances

A variance will be required in order to build a new home on a lot that is currently considered "non-conforming" based upon square footage, as well as reductions to the front and side setbacks.

Comprehensive Narrative

In rendering its decisions, the License and Variance Board shall consider the following factors:

1. Whether there are extraordinary and exceptional conditions applying to the property in question, or to the intended use of the property, that do not apply generally to other properties in the same district.

Acknowledgement

Applicant understands that if they make a false statement or knowingly make a false statement, they may be subject to prosecution for violation of the City of Chicago Code, Section 16-05-20 (False Swearing) and a possible fine of not more than \$1,000.00 or imprisonment for not less than one (1) year and not more than five (5) years, or both. The applicant understands that if the variance is granted, the applicant will be permitted to use the property for the purpose for which the variance is sought.

Applicant Signature:

true

4. Whether the variance proposed is the minimum variance which makes possible the reasonable use of the property.

A comprehensive narrative detailing the extraordinary and exceptional conditions which will necessitate a nonconforming use.

The applicant believes the the requested variances are reasonable in that by granting them, the Board will be permitting a reasonable use of the property, based upon what is currently located on the adjacent lots, as well as many additional lots within close proximity.

ZONING ORDINANCE SECTION 1403 VARIANCE REVIEW STANDARDS

In rendering its decisions, the License and Variance Board shall consider the following factors:

1. Whether there are extraordinary and exceptional conditions applying to the property in question, or to the intended use of the property, that do not apply generally to other properties in the same district.
2. Whether any alleged hardship which is self-created by any person having an interest in the property or is not the result of mere disregard for or ignorance of the provisions from which relief is sought.
3. Whether strict application of the relevant provisions of the zoning code would deprive the applicant of reasonable use of the property for which the variance is sought.
4. Whether the variance proposed is the minimum variance which makes possible the reasonable use of the property.

Please include your narrative here, or you may submit a typed narrative as a supplement to this application.

COMPREHENSIVE NARRATIVE

Applicant seeks to tear down the existing structure and construct a new 4BR/3BA home on the property. This lot is currently deemed "non-conforming" due to the total square footage, so applicant is requesting a variance allowing this construction to proceed. Applicant is also requesting a reduced front setback to 20' as well as reduced side setbacks of 7'6" on each side.

This is in line what has been approved previously on either side of this lot.
