Councilmember Welch mentioned the shortfalls in the budget for paving streets that the City is responsible for. Mayor Norton reminded all that at the January retreat, they discussed and agreed that \$10M overages of SPLOST will go toward resurfacing.

4. Review of Current M&C Agenda

- A. **COW2024-020** Review of the May 20, 2024 Mayor and Council meeting notice and agenda

Mayor Norton reviewed the May 20, 2024 Mayor and Council Meeting agenda.

Russell Martin, Community Development Director, gave background on item Z24-007:

The applicant is requesting a rezoning from R-15 to TD-Conditional for the development of six (6) single-family attached units at a density of 6.3 units per acre. A land use change from Medium Density Residential to Medium-High Density Residential is required for this rezoning. The proposed townhomes will have rear-entry garages and the townhomes will face Atlanta Road. The proposed units are consistent with the requirements of Sec. 515 Townhome Design Standards, including Sec. 515.3 Minimum Design Standards, and Sec. 515.4 Design Elements Catalogue. The proposed units are 24' x 50'. The development will provide five (5) guest parking spaces and mail kiosk at the rear of the proposed units. The development will include a full access drive from Atlanta Road. The applicant proposes to use elements such as brick, stone for the façade materials for each home. The development will provide a 20' landscape buffer around the access drive and rear guest parking spaces.

Community Development has reviewed the proposed development against the zoning standards of the previous and recent nearby rezonings and found the proposed development to be compatible with the surrounding area. The subdivision and construction of six (6) new single-family attached homes result in a density of 6.3 units per acre on the subject property. The lot width and lot size are compatible with the other in-fill developments in the surrounding area. The applicant is requesting a rezoning from R-15 to TD-Conditional and the proposed zoning will require an amendment of the Future Land Use Plan to Medium-High Density Residential due to the property being deficient in area by 0.05 acres (2,178 sq. ft.).

Additionally, Community Development has reviewed the proposed development against the standards established in Sec. 515 Townhome Standards adopted in 2022. These requirements are intended to regulate the siting and design of townhome projects in pursuit of cohesive design and walkable development patterns. The regulations are intended to define elements of the development that supports both horizontal and vertical articulations and variations among units that provide architectural interest and reinforce high quality design and responsible site development practices to meet the goals and policies of the city's comprehensive plan. Community Development has reviewed the proposal with respect to Sec. 515 and believes it meets the intent of the adopted standards.

Staff Recommendation: Approval of the rezoning from R-15 to TD Conditional for six (6) new single-family attached units.

Planning & Zoning Commission Recommendation: Approve by a vote of 7-0 at the April 15, 2024, meeting.

Discussion took place about the Hospital Authority and appointing members to the board. Scott Cohran, City Attorney, explained that the authority is there just in case the hospital starts expansion.

5. Other Business / Staff Comment

Kristen Robinson, Deputy City Administrator/CFO, discussed the schedule for the adoption of the budget and the deadlines for getting the information to Cobb County. The joint SPLOST agreement needs to be added to the agenda.

Councilmember Lindley stated that the RFP for the Church project went out yesterday.

Councilmember Hines thanked those that attended a fallen officer memorial.

Councilmember Oglesby congratulated Nickajack Elementary 5th graders for their graduation. His son is among those graduates.

Mayor Norton stated Stillfire Brewery announced they are through their biggest hurdles and will be starting construction very soon.

Richard Garland, Parks & Recreation Director, stated that there will be a concert this weekend as long as the weather cooperates. The playground at Chuck Camp is completed. There will be a bike rodeo at the Smyrna Handmade Market. Brinkley batting cages are nearly done.

6. Executive Session (As Needed)
